

**Science Outreach –Athabasca
presents...
Circumpolar Bears**

Speaker: Dr. Albert Karvonen
Date: Thursday, April 13, 2017
Time: 7 PM to 8:30 PM
Place: Athabasca University
Governing Council Chambers

Join Dr. Albert Karvonen and enjoy the award winning TV documentary “Circumpolar Bears”. This outstanding film explores the lives of polar bears, grizzlies in Canada’s arctic, to brown bears from around the world including Finland & Russia. Polar bears have survived 20 million years of evolution but the next hundred years may bring their greatest challenges yet due to climate change.

We regret that due to medical emergency, Dr. Juha Karvonen, who was originally speaking on “Northern Viticulture and Climate Change” is unable to come to Canada at this time.
