Place: Athabasca University
Governing Council Chambers

Time: 7:00 PM to 8:30 PM

Refreshments will be available after this presentation.

Admission is free.

Door Prizes!

Join Science Outreach – Athabasca to learn about setting up and maintaining *freshwater aquariums*. Crystal Scherer is an aquaria enthusiast. She will cover the basics of starting a freshwater aquarium, choosing equipment, fish and plants, will discuss various ways to ensure your aquarium remains healthy including water treatment, fish diseases and cures, as well as the importance of establishing a functional nitrogen cycle. This is an excellent presentation for someone thinking about getting into the aquarium hobby or someone who has recently set-up an aquarium.
