

Science Outreach – Athabasca Mushroom Event at Camp Wright

Join us on Friday, August 10, 2018 for a *Mushroom Exhibit* at *Camp Wright, Narrow Lake*. This is a great opportunity to learn about local edible and poisonous fungi and their identification. We will meet at 1 PM outside the *Camp Wright, Narrow Lake, Mess Hall*. After the exhibit, we will have a walk around the *Camp Wright* area to look for more mushrooms. You may also

bring your own mushrooms for identification. Families with kids are encouraged to attend. Bring appropriate footwear for the walk and be prepared for adverse weather. For directions to Camp Wright go to our website scienceoutreach.ab.ca & click [here](#) or download a [map](#). This event is in collaboration with the Long and Narrow Lakes Stewardship Society (LNLSS) at Camp Wright, Narrow Lake.
