

**Science Outreach – Athabasca
presents...**

Underwater Hawaii

Speaker: Dr. Robert Holmberg
Professor Emeritus, Athabasca University

Date: February 24, 2015

Place: Athabasca University
Governing Council Chambers

Time: 7:00 to 8:30 PM

Forget about winter for a while and submerge yourself in the underwater life of the Hawaiian Islands. We will start with an overview of the volcanic history of the islands. Then we will view many of the fish, corals, marine mammals and turtles that Dr. Holmberg photographed during various snorkeling and whale watching excursions as well as a submarine trip. Also, a display of Pacific shells, typical of the Hawaiian Islands, will be available for examination.

Admission is free. Door Prizes!

Refreshments will be available for this presentation sponsored generously by *The Bistro*.
