

Science Outreach – Athabasca presents... Kombucha: the revival of an ancient beverage

**Speaker: Dr. Roland Treu,
Associate Professor Biology,
Athabasca University
Date: October 8, 2025
Place: Athabasca University
in Room 106, Governing Council
Chambers, 1 University Drive,
Athabasca, Alberta
Time: 7 PM to 8 PM**

Join Dr. Roland Treu as we explore the science of Kombucha. Kombucha is a fermented drink made from tea and sugar. In this presentation we will examine the history of Kombucha, its production and its biological and biochemical components. In the second, practical part we will explore how you can produce your own kombucha at home from simple components. You will also have the opportunity to taste a few samples.

Free community event!

This will be an in person and virtual event.

Events may be photographed, recorded and shared.

Please join us in person at Athabasca University or go to our website to join the event virtually on the day of this talk. [Science Outreach - Athabasca website](http://scienceoutreach.ab.ca/)
